

Dear Sir/Madam,

This is a request for information under the freedom of information act. I would like to know the following information for the following surgeries in Aberystwyth:

Church surgery (Portland St, Aberystwyth, SY23 2DX)

Padarn surgery (Penglais Road, SY23 3DU)

Ystwyth medical group (Parc Y Llyn Retail Park, Llanbadarn Fawr, SY23 3TL)

- How many students were diagnosed with a sexually transmitted infection or disease since the beginning of 2011?

- How many students were diagnosed with one of the following: Chlamydia, Gonorrhoea, Herpes, Syphilis, Trichomoniasis, genital warts, HIV.

Please could you provide this information in electronic format as an excel document (not pdf.)

I would like the information broken down on a yearly basis (1 January 2011 - 31 December 2012, etc).

Dear Sir

I can now confirm that Public Health Wales does not hold the information you seek. It may be held at a local health board level or at individual GUM clinics in the Aberystwyth area, though I would expect that due to the Data Protection Act and the sensitive information held in their systems, they may not be able to comply with your request. The address for Hywel Dda Health board is detailed below in this link, which may assist you further, though I am unfamiliar in how their STI /GUM services are structured or where they are housed
