In answer to your request for information under the freedom of information act detailed here: data that relates to the prevalence of STI's and positive sexual health in Welshpool and how that corresponds to the rest of Powys as a whole

Our answer

Public Health Wales does not hold information specific to Welshpool, however we do hold and have published information regarding the situation in Powys. It is linked to here [http://www2.nphs.wales.nhs.uk:8080/CommunitySurveillanceDocs.nsf/\(\\$All\)/B223E62F70BAF4A080257C51003D1E32/\\$File/HIV%20and%20STI%20trends%20in%20Wales%20Report%202013_2012data_v1.pdf?OpenElement](http://www2.nphs.wales.nhs.uk:8080/CommunitySurveillanceDocs.nsf/($All)/B223E62F70BAF4A080257C51003D1E32/$File/HIV%20and%20STI%20trends%20in%20Wales%20Report%202013_2012data_v1.pdf?OpenElement)

I hope this helps you in your studies.

Subject: Sexual Health Data Welshpool Powys

I am currently studying mental health nursing at Staffordshire University. As part of my assessment i have to write a specific health profile on my county. I have chosen Sexual Health in Powys and most importantly in Welshpool & Montgomery. However i am struggling to find any data that relates to the prevalence of STI's and positive sexual health in Welshpool and how that corresponds to the rest of Powys as a whole. I noticed on the NHS wales website, there is a link to Sexual Health Surveillance data in Powys. yet this isn't readily available at the moment. Please can i request some information on sexual health in Welshpool, Montgomeryshire & Powys.

Kind Regards
