## Freedom of Information request to Public Health Wales

<b>FOI Reference:</b>	<b>FOI 459</b>
<b>Date request received</b>	<b>08 October 2020</b>
<b>Date information is due to be sent</b>	<b>05 November 2020</b>

### Information Requested:

How or why doesn't Cardiff council produce detailed information about the rate of covid cases in specific areas of Cardiff for the public to see. You have the detailed information with regard to the positive cases as this information would be so useful to residents when decided if which area to shop or visit. Removing our freedoms and movement in a democracy is a serious matter and I feel our leaders need to provide us with as much information as possible to justify their actions. This information is available in various counties in Wales why not Cardiff?

The information below examples of 3 counties in Wales that share this and I know all the counties in England share this information.

### Information provided for the answer:

Thank you for your recent request. Public Health Wales are in the process of adjusting their reporting system in order to show Covid-19 Cases in Middle Layer Super Output Areas (MSOA). This means that we will report cases at a lower level, giving a clearer indication of clusters within each area.

This work to produce this is due to be published as a matter of routine in the near future. Under Section 22 of the Freedom of Information Act 2000, I can refuse a request for information that is due to be published in the future. Before doing so however, I am required to consider the public interest in either releasing the information immediately or engaging the exemption. Whilst there is clearly a significant amount of public interest in the information requested, there is also

significant public interest in delivering an effective Public Health service at the present time. Developing the information to make it suitable for publication at this time would incur diverting resources from the critical day to day work of managing the pandemic thereby degrading the other services that Public Health Wales is required to deliver as part of the response to the emergency. Bearing in mind the short timescale by when the information is due to be published anyway, it is my opinion that the public interest in releasing the information is outweighed by the public interest in maintaining the public health service. As a result, I am engaging the exemption provided by Section 22 and refusing the request.

John Lawson

Head of Information Governance,

Public Health Wales NHS Trust

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of the decision, you should write to the Corporate Complaints Manager, Public Health Wales NHS Trust, 3, Number 2, Capital Quarter, Tyndall Street, Cardiff, CF10 4BZ.

If you are not content with the outcome of your complaint or review, you may apply directly to the Information Commissioner for a decision. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by the Trust. The Information Commissioner can be contacted at:

Information Commissioner for Wales

2nd Floor  
Churchill House  
Churchill Way  
Cardiff  
CF10 2HH
