Information requested:

i) Please provide figures for the total expenditure by Public Health Wales on tobacco control work for each financial year between 2009-2010 and 2017-2018 inclusive.

Information provided for the answer:

Tobacco control is a multifaceted area of work with contributions from a range of work streams and individuals across the organisation, not all of these are assigned to tobacco control budgeting lines explicitly, and it is therefore extremely difficult to extract the entirety of funding on tobacco control. For example, activity around Healthy Schools and Healthy Workplaces include important activity around smoking uptake prevention, cessation and denormalisation, but it is extremely difficulty to disaggregate costs associated with this activity from the very wide range of other aspects of these work streams. The data below also do not include work undertaken by local public health teams, as these are not readily accessible. We can however provide information on the budgets for direct provision of stop smoking services, as noted below:
If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of the decision, you should write to the Corporate Complaints Manager, Public Health Wales NHS Trust, 3, Number 2, Capital Quarter, Tyndall Street, Cardiff, CF10 4BZ.

If you are not content with the outcome of your complaint or review, you may apply directly to the Information Commissioner for a decision. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by the Trust. The Information Commissioner can be contacted at:

Information Commissioner for Wales
