

Thank you for your email and the further questions it raises. You have requested the following data from Public Health Wales.

1. the figures on vaccinated/unvaccinated cases in last year's measles outbreak in Wales. I would be grateful if you could forward this information to me as soon as it becomes available.
2. In the meantime I will request a summary of all previous basic data on the incidence of measles where the patient has been vaccinated

I will ensure that information on Question 1 is forwarded to you as the final figures become clear, they will also be published to our web sites (link 1 below). In regard to question 2 all of the information we hold is published on our Imms & Vacs site (link 2 below). I have also included a link to our interactive trend data pages where you will be able to generate time trend surveillance data for all Diseases Public Health Wales collates information on
