Freedom of Information request to Public Health Wales

FOI Reference:	FOI 195
Date request received	26 February 2019
Date information is due to be sent	26 March 2019

Information Requested:

Please can I request the following information please

Since 01st Nov 2018 to 15 Feb 2018 the number of incidents of Shiga-Toxin producing E. Coli Haemolytic Uraemic Syndrome (STEC HUS) in children between the ages of 6 months and under 19 years old please.

Below is the email correspondence we previously had with one of your colleagues who has helping us with this information, but I received a undeliverable email.

The reason I require this information is to add to our report to the funder of the ECUSTEC Trial so we had show the number of patients recruited against the actual number of cases.

Thanks in advance.
