## Freedom of Information request to Public Health Wales

Date request received | 14 October

Date information is due to be sent | 11 November

### Information requested:

I request a data set containing the rate of 15-25 year olds diagnosed with Chlamydia per 100,000 populations for each county within Wales in 2015. I would also ask how much of each counties budget went into sexual health in 2015.

I would like this information sent in an xls or cvs format (spreadsheet).

### Information provided for the answer

Table 2: Age-specific rate of Chlamydia diagnoses in 15-25 year olds in 2015 by county \*

Council	Frequency	Rate per 100,000 population
BLAENAU GWENT	13	150.90
BRIDGEND	80	498.01
CAERPHILLY	51	238.30
CARDIFF	1,018	1,552.18
CARMARTHENSHIRE	250	1,207.26
CEREDIGION	150	1,018.81
CONWY	168	1,421.68
DENBIGHSHIRE	222	2,121.36
FLINTSHIRE	110	635.14
GWYNEDD	247	1,342.83
ISLE OF ANGLESEY	41	580.24
MERTHYR TYDFIL	133	1,837.52
MONMOUTHSHIRE	39	394.26
NEATH AND PORT TALBOT	191	1,198.47
NEWPORT	1,079	5,694.53
PEMBROKESHIRE	182	1,332.55

POWYS	14	100.82
RHONDDA CYNON TAFF	329	1,074.15
SWANSEA	920	2,508.59
TORFAEN	34	303.33
VALE OF GLAMORGAN	140	967.92
WREXHAM	287	1,850.18
UNKNOWN	200	N/A
<b>Total</b>	<b>5,898</b>	<b>1,473.74</b>

•All cases of Chlamydia diagnosed for 15-25 year olds in 2015 were of the organism *Chlamydia Trachomatis*.

•Mid-year population estimates for ages 15-25 years were provided by:  
<https://statswales.gov.wales/Catalogue/Population-and-Migration/Population/Estimates/nationallevelpopulationestimates-by-year-age-ukcountry>

•Rate of disease may be affected by variation in testing patterns or practices in various counties, as well as issues correctly identifying county of residence in some GUM services.

• Some counties contain substantial student populations (average age 18-21 years). This may not be accounted for in the denominator
