Freedom of Information request to Public Health Wales

FOI Reference:	FOI 307
Date request received	24 March 2020
Date information is due to be sent	23 April 2020

Information Requested:

First and foremost, I would like to thank you for your excellent job in reporting on and responding to the Covid-19 pandemic. Without the NHS and PHW, this pandemic would be even more devastating.

I would like to ask if it would be possible for you to provide a breakdown of the 478 cases in Wales by local authority area. It would be helpful to know how many cases are in my area (Ceredigion) and to know where the worst affected areas are.

Information provided for the answer:

Thank you for your recent request. Public Health Wales has been under unprecedented demand due to the Covid-19 response, so we apologise if there has been a delay in the response to your request.

We have recently published an interactive dashboard that allows the user to look at data around testing and confirmed cases by local Health Board as well as the Local Authority area. The link to the dashboard is below:

[Covid-19 Surveillance](#)

This can also be found on the Public Health Wales internet page under Topics.

We hope this answers your request. In relation to data regarding Deaths following a positive Covid-19 result, we are unable to publish anything other than the headline figure due to patient confidentiality.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of the decision, you should write to the Corporate Complaints Manager, Public Health Wales NHS Trust, 3, Number 2, Capital Quarter, Tyndall Street, Cardiff, CF10 4BZ.

If you are not content with the outcome of your complaint or review, you may apply directly to the Information Commissioner for a decision. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by the Trust. The Information Commissioner can be contacted at:

Information Commissioner for Wales
