## Freedom of Information request to Public Health Wales

Date request received	20 <sup>th</sup> June 2016
Date information is due to be sent	18 <sup>th</sup> July 2016

### Information requested:

Please can you tell me how much money you have allocated to the provision of drug rehabilitation.

### Information provided for the answer

After checking with our teams I can confirm that in Public Health Wales drug rehabilitation does not form any of the current work undertaken by the Health Protection Substance Misuse Programme. Much of their work focuses around evidence and engagement projects in relation to harm reduction initiatives, drug and alcohol morbidity and mortality, and the population of problem drug use in Wales. Therefore we do not hold the information you have requested and cannot answer your question.

I am unaware if the Health Boards in Wales work in the area of drug rehabilitation, if they do, you would need to contact them via the Health in Wales website linked to here.
