### Information requested:

I am undertaking a project titled "To develop a risk assessment tool to identify chemotherapy regimens which can be given in settings outside of the hospital in line with the care closer to home agenda" and wanted to know if you could help me attain relevant information available from all hospitals in England. In particular all hospitals that provide cancer care services closer to home e.g. homecare / mobile therapy unit / ambulatory pumps. I require any SOP's or Policies that outline this please. I have attached a questionnaire that details specifically the information I require in order to complete my project which is due on the 30<sup>th</sup> of March 2018. I would be extremely grateful if you could help me acquire this information electronically.
