### Information Requested:

I would like to make a freedom of information request regarding the following:

1) As per the link from facebook there is mention of empty test sites and when the issue of empty testing centres was raised on the comments of a site called lockdown skeptics, it can be seen in response empty test sites was mentioned. In view of the fact positive tests are used to justify draconian lockdowns, I am curious where positive test cases are coming from.

Can the following be answered regarding the period 23rd of March to the 24th of December.

- How many tests have been carried out daily and how many were positive and how many negative.

For each day in the period requested, where were the tests carried out.

### Information provided for the answer:

Thank you for your recent request.

Public Health Wales publish an interactive dashboard where you can find information about numbers of Covid-19 tests. This is updated daily. The link to the dashboard is here: [Covid-19 Dashboard](https://example.com/covid-19-dashboard)
With regard to where the tests were carried out, this information is not held and you would need to direct your request to the individual health boards. To assist the links are provided for you below:-

Aneurin Bevan University Health Board

I hope that this information is of assistance.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of the decision, you should write to the Corporate Complaints Manager, Public Health Wales NHS Trust, 3, Number 2, Capital Quarter, Tyndall Street, Cardiff, CF10 4BZ.

If you are not content with the outcome of your complaint or review, you may apply directly to the Information Commissioner for a decision. Generally, the ICO cannot make a decision unless you have exhausted the complaints procedure provided by the Trust. The Information Commissioner can be contacted at:
