Information provided for the answer:

Thank you for your recent request for information.

Please can you send me the organisation’s Local Area Network (LAN) contract, which may include the following:

- Support and Maintenance- e.g. switches, router, software etc
- Managed- If this includes services than just LAN.

There is no contract in place for the support and maintenance of the whole of PHW’s LAN. Individual items of equipment have Cisco support contracts of various types and duration. The in-house IT team provides LAN support. Section 1 as marked above, is therefore not applicable.

Section 2

If the LAN maintenance is included in-house please include the following information:
1. Hardware Brand: What is the hardware brand of the LAN equipment? Cisco
2. Number of Users: Please can you provide me with the number of users this contract covers. Approximate number of users will also be acceptable. Approximately 1,900 PHW staff access the LAN
3. Number of Sites: Estimated/Actual number of sites the LAN covers. There are approximately 30 PHW sites across Wales and the in-house team provides all LAN support at the 13. We were in co-operation with NHS Wales colleagues at others.
4. Responsible Officer: Who within the organisation is responsible for LAN please provide me with contact details including name, job title, contact number and email address? Simon Thomas, IT Operations Lead, 029 2078 7827, sthomas@wales.nhs.uk

Section 3 as marked above is therefore not applicable.
