**Information Requested:**

I’d like to request information around A&E submissions as a result of DIY accidents from the 1st November 2019 – 31st October 2020. Please could you provide the following, ideally in excel format.

- The number of admittances that were diagnosed as being the result of injury by a drill, power tool or similar instrument, split by NHS trust provider, for the time period
- The total number of admittances above split by gender
- The total number of admittances above split by month

Is this data held by Public Health Wales? If not, would you be able to advise on who is best to contact?

**Information provided for the answer:**

Unfortunately Public Health Wales does not hold the information you need, it would be held by the individual health boards who are responsible for overseeing the hospitals. You will need to contact each Health Board who may be able to give you the information they require.
I have provided links to their contact details below.
